

Breaking news from IPID Howard Hudson:

As Lions, we are constantly reminded that "Where There's a Need, There's a Lion". Throughout the world today, there are tremendous needs caused by many natural disasters. Along the Gulf Coast in Texas and Louisiana, we have had the devastating Hurricane Harvey. In India, there has been severe flooding. And right here in California, we have had a spring and summer of wild fires that continue as you are reading this. Every one of these have caused tremendous loss of life and property. Because of the generosity of Lions, we have an opportunity to help with relief in these areas where disaster has struck. Your contribution to [Lions Clubs International Foundation](#) of whatever amount and designated for the "Area of Greatest Need" will be 100% used for disaster relief in any of these areas where people are suffering. And remember, any donation given through LCIF can be credited toward a Melvin Jones Fellowship.

The people who have been affected by these events need not only our financial support, they also need our prayers. Please remember these are people. And they have needs. And they need our support. Anything you, your club or your district can do will be appreciated and will be used to help these people.
